His most recent publication is *Elders and Leaders: God's Plan for Leading the Church*. Gene also hosts a daily radio program called Renewal which is aired nationally and is designed to unfold personal stories of people who have been transformed by the love and grace of Jesus Christ.

Building Up One Another

We'll look carefully at what Jesus meant when He told the apostles to love one another as He had loved them. The apostle Paul describes this process in a detailed way when he used the "one another" concept in his letters. Come prepared to discover how you can become a very significant functioning member within the body of Jesus Christ.

Bill Paige: Keynote Speaker AFTERNOON SESSION:

Bill Paige is a gifted, passionate speaker whose broad appeal is anchored in a depth of life experience that includes 20 years of police and detective work in and around New York City metropolitan area. In addition, Bill served 14 years as the associate chaplain at Children’s Village, working with emotionally disturbed boys in the city, as well as 16 years of senior leadership in Young Life.

Going Home a Different Way

"When the people of the land come before the LORD at the appointed feasts, whoever enters by the north gate to worship is to go out the south gate; and whoever enters by the south gate is to go out the north gate. No one is to return through the gate by which he entered, but each is to go out the opposite gate." (Ezekiel 46:9 NIV) ... If you leave this conference the same man who arrived, then something is very wrong. Bill will challenge us to “go home a different way.”
