Roger Petersen on Walk Thru the Old Testament Seminars

I have been teaching the Walk Thru the Old Testament seminars for over thirty years. It has been a continual joy to see the light of understanding beam on the faces of attendees as they enjoy learning about the Old Testament. One of the most frequent comments that I hear from adults is "I learned more about the Old Testament in five hours than I have from the last twenty-five years of attending church!"

After one seminar a fifteen-year-old male said to me, "You know I never read the Old Testament on my own. I didn't know what was going on in those books! But now that I heard the whole story—the Old Testament is not that hard to understand. I am going to go home and start reading it." I can truly say that I look forward to teaching my next Walk Thru the Old Testament Seminar as much as I did my very first one over thirty years ago.

Dr. Roger Petersen
Associate Professor
Philadelphia Biblical University

"Walk Thru the Bible was one of the most clarifying seminars I have ever been through! The whole Old Testament actually makes sense now! The presentation of material is extremely easy to remember and understand."

-Jerad Allbritten

One pastor accurately summed up his experience by saying, "I gained more from this seminar in terms of really understanding the relationship of events and people than I had previously learned in seven years of college and seminary study."
